AHMED FATIU
Front-end Developer

Ottawa, ON | 438-994-4503 | Ahmedlekan011@gmail.com | LinkedIn | Github

---

Professional Summary

Results-driven Front-end Developer with 5+ years of experience building high-performance, responsive web applications. Proficient in modern front-end technologies, including HTML5, CSS, Tailwind, JavaScript, TypeScript, React, and Next.js, with solid expertise in backend development using Node.js, Express, and MongoDB. Adept at delivering optimized, scalable solutions with seamless front-end and back-end integration. Passionate about continuous learning, cloud technologies, and workflow automation. Strong problem-solving skills, collaborative mindset, and commitment to delivering client-centric digital experiences.

Professional Experience

Contracts Projects
Freelance Web Developer   **July 2021 – February 2025**

- Collaborated with design teams to refine wireframes and prototypes, leading to interactive, user-friendly web applications that improved engagement by 40% and reduced load times by 30%.
- Developed RESTful APIs to optimize client data retrieval speeds by 40%, ensuring seamless backend integration and reducing API errors by 25%.
- Delivered over 90% of projects ahead of schedule with high client satisfaction, managing end-to-end development lifecycles from concept to deployment.
- Engineered high-performance, responsive web applications using React and Next.js, achieving a 20% improvement in page load speed and boosting SEO rankings.
- Built robust server-side logic with Node.js and Express, improving data processing efficiency and reducing server response times by 30%.
- Implemented AWS-based CI/CD pipelines and Docker for deployment automation, ensuring seamless code integration and faster release cycles.

TradeDepot: Revolutionizing Supply Chain
Front-end Developer   **Jan 2020 – July 2021**

- Collaborated with senior developers to create and maintain responsive websites for clients, ensuring high performance across all devices.
- Implemented interactive features using JavaScript and integrated front-end libraries such as Bootstrap and Tailwind CSS to speed up development and maintain consistency across projects.
- Worked with REST APIs to fetch and display dynamic content on websites.
- Used version control tools like Git to manage code repositories and facilitate team collaboration.

- Participated in daily stand-ups and sprint planning, adhering to agile development practices and ensuring timely delivery of projects.
- Assisted in website redesigns and user experience improvements based on customer feedback, significantly increasing user engagement

Technical Skills

HTML5, CSS, Tailwind CSS, JavaScript, TypeScript, React, Next.js, Responsive Design Node.js, Express, MongoDB, REST APIs, Redux, Zustand, Git, GitHub, Bitbucket, AWS CI/CD, Docker, Terraform, AWS Solution Architect, Linux, Bash Scripting

Soft Skills

Problem Solving, Communication, Adaptability, Team work & Collaboration, Time Management, Creativity, Attention to Detail, Growth Mindset.

Education

Yaba College of Technology   **2014 - 2017**
Higher National Diploma in Electrical Engineering
Lagos, Nigeria

The Polytechnic Ibadan   **2011 - 2013**
National Diploma in Electrical Engineering
Ibadan, Nigeria

Certifications

- **Front-End Developer Career Path** – Scrimba
- **Data Manipulation in JavaScript** – University of California, Davis (via Coursera)
- **AWS Certified Solutions Architect – Associate** *(In Progress)*
